SEPA Environmental Event Report

Action SCC passed on complaint to epi inbox 07:23am . Smell, seaguls and noise from chicken factory. Horrible disgusting smell, rotting cabbages. 5 smell. Is disgusting from c0-op near the factory- couldt even buy anything thats open from the shop.
Description started at 5.30am this morning also noticed it w ednesday morning at 6.30am. calm and clear- no w ind.

See action description ENV/0891955 - as called SCC w ithin hour and so treated as one.

did inspection of site 28/05/2018 and noted no seaguls. The site had undertaken a programme through rento-kill over the past few years to remove eggs and so this seemed to help the number of seagull numbers.

NFA in this instance on -going w ork w ith site to address suspected odour issues.
